

## Private Charter Policy

Hatch River Expeditions offers you the opportunity to book a private trip for your group. In many cases, we are able to customize these trips to meet the specific needs of your group, whether your goal is educational, team building, or fun. The specific terms of your private charter trip will be determined in conjunction with the reservations staff at Hatch River Expeditions.\*

In order to be eligible to book a chartered trip, your group must be represented by a Group Leader who will:

- 1) Serve as the primary contact in communications with Hatch
- 2) Negotiate initial terms and communicate with Hatch staff about updates and changes throughout the reservation process
- 3) Be responsible for finding sufficient guests to fill the trip to capacity
- 4) Ensure that Hatch receives payments as due
- 5) Ensure that Hatch receives complete information for each guest
